UL File E235575

TYPE 4 ENCLOSURES

Application:

Designed to enclose electrical or electronic equipment in harsh, dirty environments. Provides protection in areas where dust, dirt, oil, water or other contaminants are a concern. Impressive styling makes the enclosure a suitable addition to any high-tech equipment installation.

Construction:

- Steel fabricated doors and enclosures.
- Smooth, continuously welded seams without knockouts, cutouts, or holes.
- Formed lip on enclosure to keep out liquids and contaminants.
- Door is secured with ¼ turn slotted latch.
- Door is sealed with closed cell, oil resistant gasket.
- Mounting holes in back of body for direct mounting or mounting of optional wall-mounting bracket kit.
- Collar studs are provided for mounting optional inner panels.
- Grounding provisions are provided.

Finish:

- ANSI 61 gray powder coating inside and out over phosphatized surfaces. Optional panels are powder coated white.

Accessories:

- Back panels (see reference chart, pg. 6-4).
- Wall-mounting bracket kit (see reference chart, pg. 7-3).
- Print pockets for enclosures 12" x 12" and larger (see reference chart, pg. 7-2).

Options:

- Custom sizes and colors available. Please call for details.
